WHY GO KAYAKING ?

Kayaking is a wonderful sport in so many ways because it allows us to dance on water even if we aren't able to walk on land! You can use all your muscle groups without the threat of high-impact activity. You can experience nature and wildlife closer than you can on land. You can take it as easy or aerobic and adrenaline-filled as you choose. You can even camp out of or fish from your kayak!

WHY PADDLE WITH KAYAK ZAK'S ?

Awarded the Arcata Chamber of Commerce 2009 Small Business Leadership Award we take pride in the details. Trained professional instructors and guides. Small group size allows you to enjoy individualized attention. We have life jackets from infant to XXX.
